A large selection of desks and counters

Reception desks and counters are a most vital part at any trade show, exhibition, event and product demonstration. The Mark Bric counter units offer absolute top quality and perfect stability to serve you during many years of use. Polished wooden tops and plenty of inner shelving provide functional elegance. They pack neatly in padded carrying bags and set up time is less than 5 minutes. Finish off with your promotional graphic panel and the unit is complete.

Quick and easy to set up

A professional first impression !

Counters and Desks

A Mark Bric SnapUp desk at a seminar reception

SnapUp Reception desks

Our largest desk model based on our unique MP2 (Magnet Pro) system. The pop-up structure with shelving is assembled in no time and the graphic panel is wrapped around the unit. The reception desk comes in two sizes - Maxi and Midi – and one carrying bag on wheels is included.

Desk	Width	Depth	Height	Weight *
Midi	1240 mm 49"	460 mm 18"	905 mm 35.5"	18 Kg 40 lbs.
Maxi	1410 mm 55"	580 mm 23"	895 mm 35"	23 Kg 50 lbs.

* Weights are including bag.

SnapUp Mini counter

The mini-counter is a smaller unit compared to our reception desk, but still big enough as a meeting point or for a demonstration. It is based on our MP2 pop-up system as well and has both top and inner shelving in polished wood. A low weight product to be packed and carried in our convenient shoulder bag.

Counter	Width	Depth	Height	Weight *
Mini	685 mm 27"	295 mm 11.5"	1035 mm 41"	10 Kg 22 lbs.

* Weights are including bag.

Flexiframe Demo-desk

The Flexiframe foldable counter is a great alternative to our SnapUp counters and desks. It uses easy exchangeable hard panels instead of a wrap around graphic. It features a polished wood counter top, with inner shelving in aluminium. The counter packs neatly in a cardboard box with handles. A "luxus" carrying bag with extra thick padding and inside pockets for the shelves can be purchased extra.

Width	Depth	Height	Weight
790 mm 28"	410 mm 14"	1030 mm 41"	14 Kg 30 lbs.

SnapUp case/counter

Our SnapUp hard cases, used to transport complete SnapUp backwalls with graphics, also serve perfectly as counter units. Adding a wooden table top and a wrap around graphic transforms the case into a counter.

Please note: The case/counter units do **not** have any inner shelving, as do our regular counter and desks units.
